Mayor Johnson announces the location and collaboration with local citizens to create a “trial” Dog Park and Community Garden.

Bonney Lake Mayor Neil Johnson, Jr. announced today that he has designated Viking Park as the location for a Dog Park and the property next to Lions 4 Kids, located at 18424 89th Street East as the area for our first Community Garden. Today, both locations are considered to be temporary and will represent trial runs.

In addition to identifying land, it was also announced that two separate citizen groups will be doing the lion’s share of the work in preparing these areas for use. The city will participate with some initial labor. The City will provide irrigation for the community garden for the trial period.

In making this announcement, Mayor Neil Johnson stated: “It is great to see these types of partnerships develop, where the city isn’t relied upon for the prime source of funding and local citizens step up to make it happen. Our goal is to evaluate both the Dog Park and Community Garden for a period of one-year to see how they come together and if the demand is there from the community for their continued use.”

Anyone wanting to get involved with either project should contact Gary Leaf at (253) 447-4334 for more information.
