(If yes, submit existing site plan with elevations showing drainage system.)

Commercial Sites Only:
Total lot size (square feet) _____
Total area (square feet) landscaped and unimproved: _____
Net area (square feet) in impermeable surface: _____

I, the undersigned, request the City of Bonney Lake to certify willingness and ability to provide water services to the above-described property. I have read and understand the information provided on this Certificate, and acknowledge that the proposed project may require improvements to the utility system, which would incur my financial obligation and are identified in the Developer’s Extension Agreement. Prior to receiving this CWA I understand that if I am extending the city’s utility system that a Developer Extension Agreement between myself and the City, which specifies the terms of utility service, operational responsibility, and financial obligation will be required. I further understand and acknowledge that provision of

CERTIFICATE OF WATER AVAILABILITY APPLICATION CONTINUED

utility services may be contingent upon fulfillment of applicable conditions, such as building system improvements, as well as payment of various costs and fees.

I further acknowledge that if the project for which I seek this certification is a **preliminary** short plat or subdivision, I will be required to construct facilities necessary for water and or sewer connections in compliance with the Bonney Lake Municipal Code and adopted standards. If the project for which I seek this certification is a **final** short plat, subdivision, building permit, or septic design, I must build out the system and connect it to the existing Bonney Lake utility system located at the site indicated on this certificate.

I understand that this certification is valid for a three (3) year period starting on the date of the of the City Engineer's signature. I must execute developer extensions agreements within this three year period or else file a new application for utility extension with the City.

I acknowledge that this certification is non-transferable. New property owners will need to request a new water certification.

I acknowledge that developer extensions may be required based on City Code and standards.
